

# Emneth Academy

Dear parents/carers,

From September, Emneth Academy will be part of a music scheme starting within school. Along with 'Charanga', we have created a program of study for each year group.

Reception – free use of a range of instruments throughout the year

Class 1 – Use of a range of instruments during music lessons

Class 2 – Recorder (Stage 1)

Class 3 – Recorder (Stage 2)

Class 4 – Norfolk Hub workshop (Instrument TBC)

Class 5 – Glockenspiel (Stage 1)

Class 6 – Glockenspiel (Stage 2)

From year 2, children will begin to learn more about selected instruments. Children will learn how to play the different notes of each instrument and will learn songs that will progress in difficulty over their time at Emneth.

For classes 2 and 3, it would be extremely beneficial if children could bring in their own recorder for these sessions. If children do not have a recorder, purchasing one would be worth while as they will be using it over the two years. We have a class set of glockenspiels in school for the children in year 5 and 6 to use in pairs. The date of the Norfolk Hub workshop is still to be confirmed and the instruments will be provided for the children. The recorder and glockenspiel units will begin promptly in September.

We can't wait to start this music program, we hope the children enjoy it!

Yours sincerely,

Lauren Orviss

Music Lead
